Department of Energy
2011 Sustainability Award Winners

EARTH DAY
U.S. DEPARTMENT OF ENERGY
Changing Behavior to Reduce DOE's Carbon Footprint.

Brian Costine
U.S. Department of Energy Headquarters

Michael Dunn
Argonne National Laboratory

Gene Higgins
Richland Operations Office

Princeton Plasma Physics Laboratory
Fleet Management Program

National Nuclear Security Administration
Green Fleet Team

Stephanie Austad, Kimberly Frenchs, Matthew Hammond, Christopher Inchoy, Ted Pearson
Idaho National Laboratory Sustainability Program

Carlsbad Field Office
Waste Isolation Pilot Plant—Sustainability in Road Construction

Teri Harris, Tim Porter
Golden Field Office, IT Energy Management during Explosive Growth

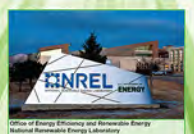
Sheila Cauntz, Leslie Manning, Paul Simmons, Mark Fletcher
Oak Ridge National Laboratory, GreenIT at Oak Ridge National Laboratory

Shawna Renenkanos, Todd Shepherd
Idaho Operations Office, Idaho Nuclear Technology and Engineering Center Water System

Idaho National Laboratory
Advanced Mixed Waste Treatment Project

Most Monthly Victories in the Formostat Metering Competition Purple Zone

Christopher Evans
Sandia National Laboratories



Office of Energy Efficiency and Renewable Energy
National Renewable Energy Laboratory
Near-Zero Materials Waste and Beyond

Office of Energy Efficiency and Renewable Energy
National Renewable Energy Laboratory
Building the Sustainable Campus of the Future

Office of Environmental Management
East Tennessee Technology Park Sustainability in Onsite Shipping

Savannah River Site
Renewable Energy Technology Development, Deployment, and Education in South Carolina

Savannah River Site Tritiated Debris Remediation Project

Office of Fossil Energy
Strategic Petroleum Reserve: Buy It Green — BIG

National Nuclear Security Administration
Lawrence Livermore National Laboratory
Site 300 Sulfur Hexafluoride Reduction Project

Pantex Plant
Elimination of Chlorine Gas to Protect Workers and the Environment

Sandia National Laboratories/New Mexico
High Performance Computing Water Reduction and Energy Efficient Cooling

Sandia National Laboratories/New Mexico
Integrated Sustainability Planning and Design

Sandia National Laboratories/New Mexico and California
Water Consumption Reduction

Y-12 National Security Complex
Waste Not Want Not: Y-12's Comprehensive, Cost-Effective Recycling Program

Power Marketing Administration
Bonneville Power Administration
Energy Smart Federal Partnership Project

Office of Science
Oak Ridge National Laboratory
LEED-EB Effort, LEED by Example, Going for Gold Lab-wide

Pacific Northwest National Laboratory
Getting to the Core of Sustainability

National Nuclear Security Administration
Lawrence Livermore National Laboratory
Global Security Paperless eSystems Save Time, Money, and the Environment

Y-12 National Security Complex Clean Steam Team

Office of Science
Oak Ridge National Laboratory
ORNL Goes Beyond Comprehensive Energy and Fleet Management to Comprehensive Sustainability Management
